

TO-SCALE TABLE CUTOUTS

Tables are to-scale to Barn interior map. Darker ring around tables indicate the recommended space to pull out a chair (18"). The lighter green ring indicates the recommended area for passage between chairs (16"). Note that it is recommended to add additional space for service corridors.

8-FOOT RECTANGULAR

6-FOOT ROUND

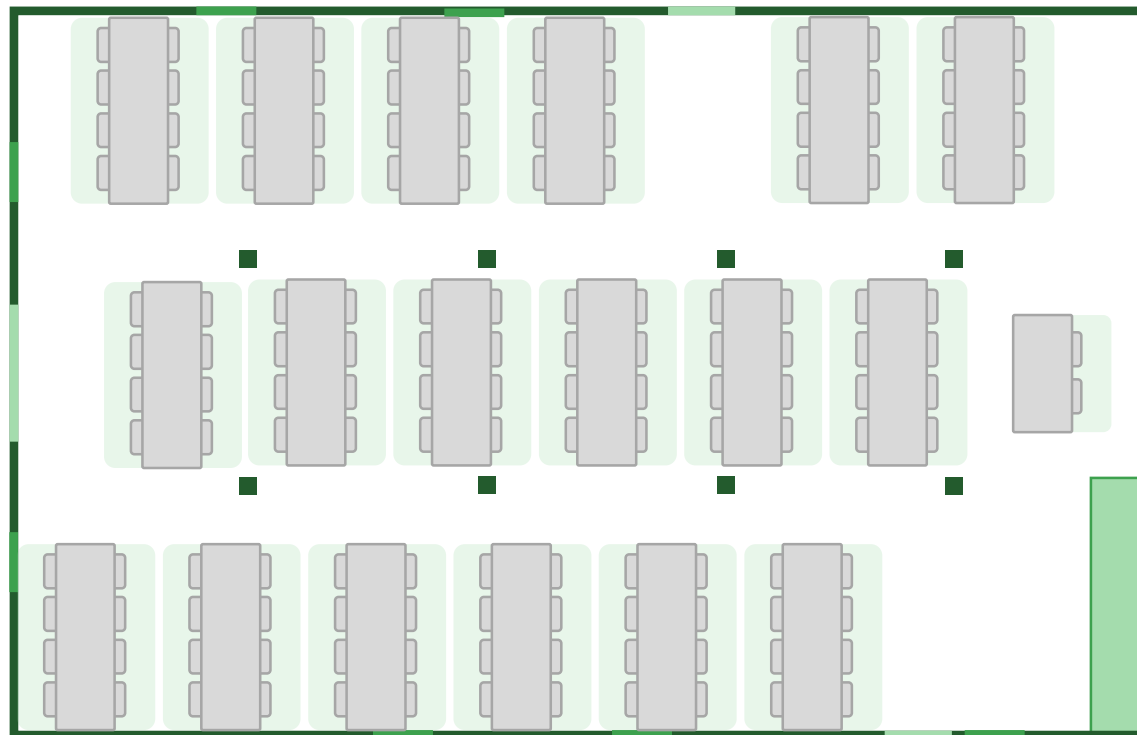

COMMON TABLE LAYOUTS

SWEETHEART'S TABLE

Seat 144 guests at eighteen 8-foot rectangular tables. The couple sits at a wooden sweetheart's table.

This layout fits the most people into the main area of the Barn with a display area at the drop-down table (a good place to put desserts or remembrance photos).

COMMON TABLE LAYOUTS

HEAD TABLE

Seat 120 guests at fifteen 8-foot rectangular tables. Seat 10 from the wedding party plus the couple at the head table.

The long tables can make table assignments easier and allow more people to socialize. Use mismatched wooden chairs at the head table and decorate the front.
